People, Processes, and Partnerships

Hire a Consultant, Get a Team: Every technical principal is briefed on your program and is committed to supporting it. As part of our engagement with you, we provide access to experts across all seven Zero Trust domains. Reach-back support is guaranteed.

Industry Leading Partnerships: We have direct relationships with ALL industry-leading ICAM product vendors. We can integrate and orchestrate any software you currently use, and when you need a trusted advisor we offer you unbiased recommendations.

Experienced: The average Zigabyte consultant has 17 years of IT experience, and, should you need cleared staff, more than 90% of Zigabyte's consultants hold a Secret Clearance or higher.

Certified: Our consultants hold some of the most respected certifications in the industry including Microsoft, CISSP, CCNP, PMP, PgMP, VMwareCP, and ITIL.

Mature Processes: Appraised at CMMI Maturity Level 3 for DevOps, our work and processes have received the highest form of third-party validation including ISO 9001:2015 and ISO 20000.
